

MOUNT AVOCA

Quality & Authenticity

1986 Cabernet Sauvignon

Deep ruby in colour and with a strong blackcurrant cabernet nose, this is the most appealing Cabernet Sauvignon released by MOUNT AVOCA.

The fruit is obvious and in balance with the oak and tannin.

The palate has good length and is well integrated while the finish is firm and very satisfying.

The generous flavour makes this wine a pleasure to drink now, but it will improve with six or more years cellaring.

MOUNT AVOCA CABERNET SAUVIGNON 1986

PRODUCE OF AUSTRALIA 13.1% ALC./VOL.
750mL

The cool climate at Mount Avoca Vineyard in the Victorian Pyrenees Ranges contributes to the flavour and elegance of this wine and the full fruit character is enhanced by French Oak Maturation. An additional two or three years bottle age will improve the wine further.
